Humphrey Bogart | Biography, Movies, & Facts | Britannica
(slang verb) To keep something all for oneself, thus depriving anyone else of having any. A slang term derived from the last name of famous actor Humphrey Bogart because he often kept a cigarette in the corner of his mouth, seemingly never actually drawing on it or smoking it. Often used with weed or joints but can be applied to anything.

Urban Dictionary: bogart
Bogart's coolness towards Bergman was later revealed to have been caused by the violent jealousy of his wife at the time, Mayo Methot, whose fears were realized when Bogart entered an affair with future wife Lauren Bacall. Though a poor student, he was a lifelong reader. ...

Humphrey Bogart - Biography - IMDb
Bogart, whose surname comes from the Dutch for “keeper of an orchard,” was born into a wealthy and prominent New York family, descended directly from New York’s first Dutch colonial settlers.

Humphrey Bogart - Movies, Spouse & Lauren Bacall - Biography
A Boggart is an amortal shape-shifting non-being that takes on the form of its observer's worst fear. Because of their shape-shifting ability, no one knows what a Boggart looks like when it is alone, as it changes instantly upon encountering someone.1 When facing a Boggart, it is best to have someone else along, to try to confuse it, since facing more than one person at once makes it ...

Bogart - Harry Potter Wiki
Bogart's second wife, Mary Philips, was also a stage actress. Bogart and Mary first met through mutual friends in 1923, and during their relationship they worked together in several theater productions, including Nerves and The Skyrocket. They married in April 1928 and were by most accounts a fun and amicable couple.

Biography - Humphrey Bogart
A boggart is a creature in English folklore, either a household spirit or a malevolent genius loci (that is, a geographically-defined spirit) inhabiting fields, marshes, or other topographical features. Other names of this group include bug, bugbear, bogey, bogum, bogeyman, bogle, etc., presumably all derived from (or related to) Old English pōcel, and related to the Irish píca and the pwca ...

Biography - Humphrey Bogart

Features photographs from the private archives of the Hollywood icon and includes coverage of his Oscar-winning performance in “The African Queen,” his relationship with Lauren Bacall, and the ongoing legacy of “Casablanca.”
A portrait of the Hollywood legend draws from the information in his FBI folder, more than three hundred interviews with actors and other coworkers, and data from the Warner Brothers archives

Humphrey Bogart: it's hard to think of anyone who's had the same lasting impact on the culture of movies. Though he died at the young age of fifty-seven more than half a century ago, his influence among actors and filmmakers, and his enduring appeal for film lovers around the world, remains as strong as ever. What is it about Bogart, with his unconventional looks and noticeable speech impediment, that has captured our collective imagination for so long? In this definitive biography, Stefan Kanfer answers that question, along the way illuminating the private man Bogart was and shining the spotlight on some of the greatest performances ever captured on celluloid. Bogart fell into show business almost by accident and worked for nearly twenty years before becoming the star we know today. Born into a life of wealth and privilege in turn-of-the-century New York, Bogart was a troublemaker throughout his youth, getting kicked out of prep school and running away to join the navy at the age of nineteen. After a short, undistinguished stint at sea, Bogart spent his early twenties drifting aimlessly from one ill-fitting career to another, until, through a childhood friend, he got his first theater job. Working first as a stagehand and then, reluctantly, as a bit-part player, Bogart cut his teeth in one forgettable role after another. But it was here he began to develop a work ethic; deciding that there were [two kinds of men; professionals and huns:] Bogart, for the first time in his life, wanted to be the former. After the Crash of '29, Bogart headed west to try his luck in Hollywood. That luck was scarce, and he slogged through more than thirty B-movie roles before his drinking buddy John Huston wrote him a part that would change everything: with High Sierra, Bogart finally broke through at the age of forty[being a pro had paid off. What followed was a string of movies we have come to know as the most beloved classics of American cinema: The Maltese Falcon, Casablanca, The Big Sleep, The African Queen . . . the list goes on and on, Kanfer appraises each of the films with an unflinching critical eye, weaving in lively accounts of behind-the-scenes fun and friendships, including, of course, the great love story of Bogart and Bacall. What emerges in these pages is the portrait of a great Hollywood life, and the final word on why there can only ever be one Bogie.

La vida personal y profesional de uno de los grandes iconos del siglo XX.

For countless millions, Humphrey Bogart's screen performances and real-life persona merged to make him one of the world's most fabled figures/a legend of mythic proportions. Or, as his Sam Spade would have put it[the stuff that dreams are made of. But for his only son, Stephen, eight years old in 1957 when his father died of lung cancer, Humphrey Bogart's giant shadow was a burden he carried until he finally came to understand the private man behind his father's public face. And now, in this candid and insightful biography, Stephen Bogart explores and illuminates Humphrey Bogart's life, work, and relationships as they never have been before. Writing with the encouragement of his famous mother, Lauren Bacall, Stephen calls on his memories, and take full advantage of the extraordinary access he has had to friends and colleagues of his father. The result is an intimate and personal profile of an enigmatic man whose tough image contrasted with very human ambitions and vulnerabilities. It is also a vastly entertaining book, filled with fascinating stories involving Frank Sinatra, Katharine Hepburn, [Swiftly] Lazar, John Huston, Stephen Bogart's stepfather, Jason Robards, and many others. Here is Humphrey Bogart, the pro's pro on the set and the Hollywood renegade off it. The man's man, the ladies' man, the hard worker, and the man who liked to drink too much. The husband in three roller-coaster marriages and finally one perfect match, the proud father and absentee parent, the good friend and even better enemy. Here are eye-witness accounts of his most celebrated public misdeeds and moving testimonies of his most unexpected private moments. And finally, in perhaps the most compelling chapter of this shining saga, here is the close-up of Bogart's last months, where his courage, dignity, and humor made his most stirring celluloid roles seem pale. Combining the drama of Humphrey Bogart's life with that of a son whose path of reconciliation first had to move through a very difficult time, this is biography at its best[at once a loving tribute and a fascinating revelation. This ebook edition includes photographs directly from Stephen Bogart's personal collection.

En el centenario del nacimiento de Humphrey Bogart, queremos rendir homenaje a este mito del celuloide con una apasionante biografía. Pero quien se escondía realmente detras del legendario protagonista de, o ? El personaje de ficcion ocultaba a un ser ante todo abrumado por la fama, que, en la vida cotidiana, llego incluso a confundirse con el tipo duro y cinico de la pantalla. En realidad, Humphrey DeForest Bogart tenia una personalidad conflictiva: si por un lado estaba el hombre educado y de excelentes modales, inteligente, culto e incluso comprometido politicamente, por el otro estaba el bebedor compulsivo, conocido por sus peleas nocturnas y la relacion violenta con alguna de sus cuatro esposas. Solo junto a la no menos mitica Lauren Bacall, con quien protagonizo peluculas memorables como o, encontro algo de la paz interior que durante tanto tiempo habia buscado. En 1957 fallecio de cancer.

"Look, I'm hardly pretty, he seems to say. I sound like gravel; I look rough and tough; and, honest, I don't give you the soft, foolish answers the pretty boys will give you. You may not like what I say, but you better believe it." He became a legend as "Bogie," the world-weary, wisecracking outsider, but in reality Humphrey Bogart was plagued by doubts and demons. He was born upper-class yet made his name playing mavericks, drank with the Rat Pack, and met four wives on set[including his great love, Lauren Bacall]yet always mistrusted stardom. Here David Thomson, one of film's most provocative writers, reveals the man behind cinema's greatest icon.

A joyful and accessible approach to homeschooling that harnesses children's natural curiosity and makes learning a part of everyday life, whether they're in elementary or high school Parents who are deeply invested in their children's education can be hard on themselves and their kids. When exhausted parents are living the day-to-day grind, it can seem impossible to muster enough energy to make learning fun or interesting. How do parents nurture a love of learning amid childhood chaos, parental self-doubt, the flu, and state academic standards? In this book, Julie Bogart distills decades of experience--homeschooling her five now grown children, developing curricula, and training homeschooling families around the world--to show parents how to make education an exciting, even enchanting, experience for their kids, whether they're in elementary or high school. Enchantment is about ease, not striving. Bogart shows parents how to make room for surprise, mystery, risk, and adventure in their family's routine, so they can create an environment that naturally moves learning forward. If a child wants to pick up a new hobby or explore a subject area that the parent knows little about, it's easy to simply say "no" to end the discussion and the parental discomfort, while dousing their child's curious spark. Bogart gently invites parents to model brave learning for their kids so they, too, can approach life with curiosity, joy, and the courage to take learning risks.
