The HL-500 Halogen has been the standard in bike lights for over ten years. Owned by over 10 million cyclists, the HL-500 provides 1,000 candlepower of light using two "C" batteries. Side light markers provide additional illumination from the right and left for nighttime visibility. The HL-500 is a night commuter's dream.

VOLT1200 | PRODUCTS | CATEYE

The Cateye HL-EL135 is one of the lowest scoring bike lights we've tested. Although it is highly affordable, it ranked low in our value field because our beam and field tests show that it performs poorly as a bike light. It has a concentrated, low-powered beam that illuminates a small and narrow area in front of you.
