"This resource package was developed by teachers across the Toronto District School Board to support the implementation of the Ontario English curriculum and the OSLA's Information Studies K-12"--T.p. verso.

This collection of enlightening and stimulating articles, written by some of the most important figures in school librarianship, demonstrates how teacher-librarians, classroom teachers, and administrators can work together to create a 21st century school library media program. With topics that emphasize student success, leadership, partnerships, curriculum design, collaborative planning and teaching, literacy, 21st century skills, emerging technologies, and so much more, this compendium brings together the best of the best discussions.

Describes the experiences of a newcomer to the Yukon when he attempts to hike through the snow to reach a mining claim.

WORTHY OF TRUST AND CONFIDENCE HAS BEEN CHOSEN BY CBS NY AS A BEST OF BEACH READ. This exciting debut novel written by former Secret Service Agent J.A. Ballarotto is by no means an ordinary kiss and tell story. Set in 1963, it sweeps the globe from New Jersey to Las Vegas to Cuba and back to Dallas, as it tells the story of Jake, a young Italian Secret Service Agent who finds himself on the trail of a band of resourceful counterfeiters. Our rebellious hero becomes hopelessly infatuated with a gorgeous yet unattainable redhead, a testarossa in every respect, who, together with a Cuban secret agent, embroils The Secret Service and The FBI, as well as the New Jersey Mafia in the most diabolical conspiracy of the century...the assassination of JFK. The story takes the reader through a twisted and at times terrifying journey where the good guys are enigmas, the bad guys are heroes and the girls are always tantalizing.

David's father doesn't approve of Angus Morton's unusually large horses, calling them blasphemies against nature. And blasphemies, as everyone knows, should be burned: KEEP PURE THE STOCK OF THE LORD; WATCH THOU FOR THE MUTANT. Little does he realise that his own son - and his son's cousin Rosalind and their friends - have their own secret aberration which would label them as mutants. And mutants, as everyone knows, should be burned. But as David and Rosalind grow older it becomes more difficult to conceal their differences from the village elders. Soon they face a choice: wait for eventual discovery - and death - or flee to the terrifying and mutable Badlands . . .
