(Book). Ampeg: The Story Behind the Sound tells the tale of this extraordinary company on its 50th anniversary, weaving together the American success story of the company founder, the role of key inventors and inventions, and the development of innovative music equipment products all against the backgrounds of American pop music and corporate competition in the music industry. Many Ampeg endorsees are profiled, including: Johnny Smith, James Jamerson, Donald "Duck" Dunn, Gary Karr, Victor Wooten, Bill Wyman, Jason Newsted, Michael Anthony and more. The result provides something of interest to musicians, collectors, and those who lived part of the history. Includes more than 200 photos and a color section.

The overriding aim of this groundbreaking volume—whether the subject is vocal ornamentation in 19th-century opera or the collective improvisation of the Grateful Dead—is to give new recognition to performance as the core of musical culture. The collection brings together renowned scholars from performance studies and musicology (including Philip Auslander, David Borgo, Daphne Brooks, Nicholas Cook, Maria Delgado, Susan Fast, Dana Gooley, Philip Gossett, Jason King, Elisabeth Le Guin, Aida Mbowe, Ingrid Monson, Roger Moseley, Richard Pettengill, Joseph Roach, and Margaret Savilonis), with the intent of sparking a productive new dialogue on music as performance. *Taking It to the Bridge* is on the one hand a series of in-depth studies of a broad range of performance artists and genres, and on the other a contribution to ongoing methodological developments within the study of music, with the goal of bridging the approaches of musicology and performance studies, to enable a close, interpretive listening that combines the best of each. At the same time, by juxtaposing musical genres that range from pop and soul to the classics, and from world music to games and web-mediated performances, *Taking It to the Bridge* provides an inventory of contrasted approaches to the study of performance and contributes to its developing centrality within music studies.

Boys' Life is the official youth magazine for the Boy Scouts of America. Published since 1911, it contains a proven mix of news, nature, sports, history, fiction, science, comics, and Scouting.
