Full CPA Practice Exams that fully replicate the real exam. Filter question sets by subtopic, never-seen-before and more. Randomized to prevent memorization. Create unlimited custom practice sessions and tests. Works on any computer or tablet.

While there is growing interest in IFRS within the US, interest outside the US has exploded. Weygandt's third edition of Financial Accounting: IFRS highlights the integration of more US GAAP rules, a desired feature as more foreign companies find the United States to be their largest market. The highly anticipated new edition retains each of the key features (e.g. TOC, writing style, pedagogy, robust EOC) on which users of Weygandt Financial have come to rely, while putting the focus on international companies/examples, discussing financial accounting principles and procedures within the context of IFRS, and providing EOC exercises and problems that present students with foreign currency examples instead of solely U.S. dollars.

For colleges and universities around the world, John Wiley & Sons is proud to announce Financial Accounting: IFRS Edition, by Jerry J. Weygandt, Paul D. Kimmel, and Donald E. Kieso, which incorporates International Financial Reporting Standards (IFRS) into the existing textbook framework. On almost every page, the book addresses every accounting topic from the perspective of IFRS while still highlighting key differences between IFRS and US GAAP. Following the reputation for accuracy, comprehensiveness, and currency, the authors have painstakingly created a book dedicated to assisting students learning accounting topics under the rules of IFRS.

The Wiley CPAexcel Online Test Bank FAR Section includes 1,499 AICPA-formatted multiple-choice questions with detailed answers. Use the Wiley CPAexcel Online Test Bank to sharpen your skills, replicate the real test environment, identify and tag weak subject areas, or customize question sets. Your license includes 1-year access to the multiple choice question (MCQ) sets purchased. View your progress by topic, and understand where you have reached passing threshold. Customize reports by including or excluding saved sessions. Filter progress reports by subtopic and view as a raw score or in percentages. Rationales, hints, and full text explanation for every MCQ. Full CPA Practice Exams that fully replicate the real exam. Filter question sets by subtopic, never-seen-before and more. Randomized to prevent memorization. Create unlimited custom practice sessions and tests. Works on any computer or tablet.

ACCA Approved and valid for exams from 01 Sept 2017 up to 31 August 2018 - Becker's F3 Financial Accounting Revision Question Bank has been approved and quality assured by the ACCA's examining team.

The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

For non-accountant hospitality managers, accounting and financial management is often perceived as an inaccessible part of the business. Yet having a grasp of accounting basics is a key part of management. Using an 'easy to read' style, this book provides a comprehensive overview of the most relevant accounting information for hospitality managers. It demonstrates how to organise and analyse accounting data to help make informed decisions with confidence. With its highly practical approach, this new Edition: Quickly develops the reader's ability to adeptly use and interpret accounting information to further organisational decision making and control Demonstrates how an appropriate analysis of financial reports can drive your business strategy forward from a well-informed base Develops mastery of key accounting concepts through financial decision making cases that take a hospitality manager's perspective on business issues Presents accounting problems in the context of a range of countries and currencies Includes a new chapter that addresses a range of financial management topics that include share market workings, agency issues, dividend policy as well as operating and financial leverage Includes a further new chapter that provides a financial perspective on revenue management Includes accounting problems at the end of each chapter to be used to test knowledge and apply understanding to real life situations Offers extensive web support for instructors and students that includes powerpoint slides, solutions to end of chapter problems, test bank and additional exercises. The book is written in an accessible and engaging style and structured logically with useful features throughout to aid students ' learning and understanding. It is a key resource for all future hospitality managers.
