Guided Reading The Cold War Comes Home Answers

A comprehensive look at the hundred-year history of the Cold War, from the rise of Lenin and communism to the foreign policy of George W. Bush. -- CNN's 24-part series, telecast in late 1998, is still alive and well on CNN Interactive. -- Who says the Cold War is over? Heard about the collision between the Chinese freighter and the U.S. Navy spy plane? New York Times political columnist Maureen Dowd said in April, "One veteran cold warrior who served under several presidents told me he was shocked that Bush II had refrozen the cold war." -- The Cold War International History Project Website at the Woodrow Wilson International Center for Scholars has up-to-date info on books published about the Cold War, as well as conferences, news, etc. The Complete Idiot's Guide "RM" to the Cold War covers: origins of the Cold War -- Karl Marx, the Treaty at Versailles, the Great Depression, the New Deal, and World War II; the China Lobby and the Marshall Plan, "American Caesar" in Korea and "Tail-Gunner Joe"; the birth of "talking head" journalism; those Happy Days 1950's; the Cuban Missile Crisis and death in Vietnam; the turbulent Sixties; Nixon visits China; Cold War America in the Seventies and Eighties -- the "Evil Empire," Grenada, Nicaragua, and KAL Flight 007, and Post-Cold War policy, the Cold War legacy.

Details the key events and issues in the history of the Cold War, and includes a dictionary of terms, institutions, and people; a condensed chronology; and an annotated resource section.

One of the most significant industrial states in the country, with a powerful radical tradition, Pennsylvania was, by the early 1950s, the scene of some of the fiercest anti-Communist activism in the United States. Philip Jenkins examines the political and social impact of the Cold War across the state, tracing the Red Scare's reverberations in party politics, the labor movement, ethnic organizations, schools and universities, and religious organizations. Among Jenkins's most provocative findings is the revelation that, although their absolute numbers were not large, Communists were very well positioned in crucial Pennsylvania regions and constituencies, particularly in labor unions, the educational system, and major ethnic organizations. Instead of focusing on Pennsylvania's right-wing politicians (the sort represented nationally by Senator Joseph McCarthy), Jenkins emphasizes the anti-Communist activities of liberal politicians, labor leaders, and ethnic community figures who were terrified of Communist encroachments on their respective power bases. He also stresses the deep roots of the state's militant anti-Communism, which can be traced back at least into the 1930s.

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

NEW YORK TIMES BESTSELLER From the diplomat Putin wants to interrogate—and has banned from Russia—a revelatory, inside account of U.S.-Russia relations from 1989 to the present “A fascinating and timely account of the current crisis in the relationship between Russia and the United States.” —New York Times Book Review Putin would need an enemy, and he turned to the most reliable one in Russia's recent history: the United States and then, by extension, me. In 2008, when Michael McFaul was asked to leave his perch at Stanford and join an unlikely presidential campaign, he had no idea that he would find himself at the beating heart of one of today's most contentious and consequential international relationships. As President Barack Obama's adviser on Russian affairs, McFaul helped craft the United States' policy known as “reset” that fostered new and unprecedented collaboration between the two countries. And then, as U.S. ambassador to Russia from 2012 to 2014, he had a front-row seat when this fleeting, hopeful moment crumbled with Vladimir Putin's return to the presidency. This riveting inside account combines history and memoir to tell the full story of U.S.-Russia relations from the fall of the Soviet Union to the new rise of the hostile, paranoid Russian president. From the first days of McFaul's ambassadorship, the Kremlin actively sought to discredit and undermine him, hassling him with tactics that included dispatching protesters to his front gates, slandering him on state media, and tightly surveilling him, his staff, and his family. From Cold War to Hot Peace is an essential account of the most consequential global confrontation of our time.

This guide exposes the reality behind the war between capitalism and communism, two ideologies divided by the Iron Curtain. New revelations show that what was once regarded as simply a struggle between good and evil was in fact a far more complex affair. Merrilyn Thomas peels back the layers of deception and intrigue and offers a penetrating assessment of the legacy of instability that continues today.

Guided Reading The Cold War Comes Home Answers

The Cold War is one of the furthest-reaching and longest-lasting conflicts in modern history. It spanned the globe - from Greece to China, Hungary to Cuba - and lasted for almost half a century. It has shaped political relations to this day, drawing new physical and ideological boundaries between East and West. In this meticulously researched account, Bridget Kendall explores the Cold War through the eyes of those who experienced it first-hand. Alongside in-depth analysis that explains the historical and political context, the book draws on exclusive interviews with individuals who lived through the conflict's key events, offering a variety of perspectives that reveal how the Cold War was experienced by ordinary people. From pilots making food drops during the Berlin Blockade and Japanese fishermen affected by H-bomb testing to families fleeing the Korean War and children whose parents were victims of McCarthy's Red Scare, The Cold War covers the full geographical and historical reach of the conflict. The Cold War is essential reading for anyone seeking to understand how the tensions of the last century have shaped the modern world, and what it was like to live through them.

Guided Reading The Cold War Comes Home Answers

The Cold War between the United States and the Soviet Union lasted from the end of World War II until the end of the 1980s. Over the course of five decades, they never came to blows directly. Rather, these two world superpowers competed in other arenas that would touch almost every corner of the globe. Inside you will read about... ? What Was the Cold War? ? The Origins of the Cold War ? World War II and the Beginning of the Cold War ? The Cold War in the 1950s ? The Cold War in the 1960s ? The Cold War in the 1970s ? The Cold War in the 1980s and the End of the Cold War Both interfered in the affairs of other countries to win allies for their opposing ideologies. In the process, governments were destabilized, ideas silenced, revolutions broke out, and culture was controlled. This overview of the Cold War provides the story of how these two countries came to oppose one another, and the impact it had on them and others around the world.
