Way." Known for his surprise endings, O. Henry turns his attention to the American West in tales of lawmen and outlaws, cowboys and prairie princesses—running the gamut from laugh-out-loud humor to tear-jerking pathos. "The most memorable stories from this collection are both a bit different from the rest. 'The Sphinx Apple' is the one story that does not seem pat or easy; here the last few paragraphs put a dead end to the fanciful flights of the rest of the story, and silences all the characters with delicate irony. 'The Caballero's Way' is grand-opera tragedy, complete with love, betrayal, and revenge. . . . They are all written with wit, love, and that little bit of wisdom that

migration of the mid nineteenth century. While their stories are widely different, each of these remarkable women was inspiring, courageous, and resourceful. From the successes of mountaineer Julia Anna Archibald to the grueling trials of Mary Powers, these stories reflect the adventure and hardship experienced by the thousands of women who took to the trails. The legacy of their letters and diaries, most written on the trail, is a fascinating addition to understanding the history of the West. Mary Barmeyer O'Brien's books on the pioneer experience include *The Promise of the West*; *Jeannette Rankin: Bright Star in the Big Sky*; *Outlasting the Trail: The Story of a Woman's Journey*

"A collection of 19 short stories from the West. Heart of the West, first published in 1907, collects many, though not all, of O. Henry's Western stories, and most of the stories in the book, though not all, are set in Texas. Perhaps reflecting William Porter's own experience as a young man in the middle of nowhere on the Texas prairie, where women were few and far between, many of the stories are comic tales of romantic rivalry, usually featuring two bluff and feckless young men in competition for the attention of the same rather remote and

demanding young woman. This comically romantic longing is often deflected into an outlandish competition, the winner of which is supposed to get the girl. In the funniest story in the book, "The Handbook of Hymen" (which is set in Montana), two prospectors, Sanderson Pratt and his partner, Idaho Green, come down out of the mountains and each try to woo a pretty widow by the book-literally. "

This is a fantastic collection of western-themed stories, many feature the man's signature surprise endings. There are tales of cowpunchers, desperados and ranchers in love. Most explore
