El psicoanálisis es un recurso imprescindible para profundizar en el estudio de los mecanismos de defensa individuales y comunitarios que impiden la toma de conciencia plena y madura acerca de la grave crisis ambiental. Ante la evidencia objetiva de los daños ocasionados pero también de los que potencialmente podemos causar, aun a sabiendas de su magnitud y peligrosidad, nos resulta difícil tomar conciencia emocionalmente, más que cognitivamente, de lo que sucedió, de lo que está sucediendo y lo que aún puede suceder. Resulta imposible hablar de un imaginario individual sin considerar el imaginario colectivo, que lo subyace y lo impregna, en una relación de codeterminación recíproca. Y no podemos confiar en la imagen de un entorno que sea solo un afuera desconectado de la representación que de él tenemos internamente. El libro, que Lorena Preta define como necesario, se propone iluminar las confusas investiduras afectivas y las angustias que sostienen defensas patológicas como la proyección, la represión, la intelectualización, la escisión, el desplazamiento y la negación, en un entretijado de reflexiones acerca de las historias y las narraciones individuales que cobran vida en el consultorio y el imaginario colectivo.

This encyclopedia examines individual films and the careers of individual film makers, it also provides overview articles of national and regional documentary film history. It explains concepts and themes in the study of documentary film, the techniques used in making films, and the institutions that support their production.

The years 1937-1938 remained in Italy and were stolen by the Gestapo, then retrieved and published separately until they were restored to their original form and published in the Italian edition."--BOOK JACKET.

This nonfiction, coming-of-age graphic novel follows Kurt Cobain from his childhood to the brink of worldwide fame with the release of Nirvana's Nevermind. The art and story centre on Kurt's alienation and how friendship and music can fill suburban emptiness. Growing up, Cobain actually believed that he was an alien and would soon be rescued, or meet others like himself, never feeling alone again. When he met his Nirvana bandmates, it happened! Together, the bandmates of Nirvana changed the musical landscape forever.

E' comodo definirsi scrittori da parte di chi non ha arte né parte. I letterati, che non siano poeti, cioè scrittori stringati, si dividono in narratori e saggisti. E' facile scrivere "C'era una volta..." e parlare di cazzate con nomi di fantasia. In questo modo il successo è assicurato e non hai rompiballe che si sentono diffamati e che ti querelano e che, spesso, sono gli stessi che ti condannano. Meno facile è essere saggisti e scrivere "C'è adesso..." e parlare di cose reali con nomi e cognomi. Impossibile poi è essere saggisti e scrivere delle malefatte dei magistrati e del Potere in generale, che per logica ti perseguitano per farti cessare di scrivere. Devastante è farlo senza essere di sinistra. Quando si parla di veri scrittori ci si ricorda di Dante Alighieri e della fine che fece il primo saggista mondiale. Le vittime, vere o presunte, di soprasi, parlano solo di loro, inascoltati, pretendendo aiuto. Io da vittima non racconto di me e delle mie traversie. Ascoltato e seguito, parlo degli altri, vittime o carnefici, che l'aiuto cercato non lo concederanno mai. "Chi non conosce la verità è uno sciocco, ma chi, conoscendola, la chiama bugia, è un delinquente". Aforisma di Bertolt Brecht. Bene. Tante verità soggettive e tante omerà son tasselli che la mente corrompono. Io le cerco, le filtro e nei miei libri compongo il puzzle, svelando l'immagine che dimostra la verità oggettiva censurata dai interessi economici ed ideologie vetuste e criminali. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italiani. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

This inaugural volume in the Graphic Medicine series establishes the principles of graphic medicine and begins to map the field. The volume combines scholarly essays by members of the editorial team with previously unpublished visual narratives by Ian Williams and MK Czerwiec, and it includes arresting visual work from a wide range of graphic medicine practitioners. The book's first section, featuring essays by Scott Smith and Susan Squier, argues that as a new area of scholarship, research on graphic medicine has the potential to challenge the conventional boundaries of academic disciplines, raise questions about their foundations, and reinvigorate literary scholarship—and the notion of the literary text—for a broader audience. The second section, incorporating essays by Michael Green and Kimberly Myers, demonstrates that graphic medicine narratives can engage members of the health professions with literary and visual representations and symbolic practices that offer patients, family members, physicians, and other caregivers new ways to experience and work with the complex challenges of the medical experience. The final section, by Ian Williams and MK Czerwiec, focuses on the practice of creating graphic narratives, iconography, drawing as a social practice, and the nature of comics as visual rhetoric. A conclusion (in comics form) testifies to the diverse and growing graphic medicine community. Two valuable bibliographies guide readers to comics and scholarly works relevant to the field.

The author is a highly successful consultant to leading institutions and organisations. In this enriching and challenging dialogue with the Italian journalist Oscar Iarussi, he brings his passion for life and unceasing search for true awareness for all to focus on the innovative principle of transformation. This book talks about transformation in a two-voice encounter resulting in a thought-provoking and rewarding read for laymen and academics alike. The tone of the account is philosophical, whilst being light and dense.
