The fourth Australian edition of Kozier and Erb's Fundamentals of Nursing has undergone a rigorous review and writing process and reflects the contemporary changes in the regulation of nursing. It continues to focus on the three core philosophies of person-centred care, critical thinking and clinical reasoning and cultural safety. These three philosophical foundations are interwoven in a meaningful way through each chapter. With an evidence-based approach, students will develop skills in problem solving, critical thinking, clinical reasoning and learn to care for people in ways that signify respect, acceptance, empathy, connectedness, cultural sensitivity and genuine concern. MyLab Nursing can be packaged with this edition to engage students and allow them to apply their knowledge, strengthen their understanding of key concepts and develop critical decision making skills. Note: This edition provides relevant nursing diagnoses written in a way that is reflective of Australia nursing practice and nomenclature and does not refer to NANDA taxonomy of diagnostic terminology.

The 5th Australian edition Kozier & Erb's Fundamentals of Nursing continues to setting the foundation for nursing excellence amid ongoing changes to the regulation of nursing. For undergraduate nurses, the product covers key concepts in contemporary nursing such as delivering inclusive nursing practice, as well as discussing the latest nursing evidence, standards, and competencies. Aligned with current nursing standards, the 5th edition helps students link their theoretical knowledge to clinical practice. New to this edition Updated Research Notes, Real World features and images to reflect contemporary Australian and New Zealand research, clinician stories and evidence-based practice. Updated to include recent changes to the NSQHS standards, including: Comprehensive care Communication for safety mental health and cognitive impairment health literacy, end-of-life care and, Aboriginal and Torres Strait Islander health. The Patient Safety Competency Framework (PSCF) for Nursing Students are integrated throughout the chapters, with practical examples on how the safety domains can be applied in practice. Addition of a new chapter focused on Disability, allowing for a more thorough understanding of disability and how it is related to different topics of nursing The Fundamentals of Care Framework is integrated throughout, showing how each of the three dimensions can be applied to nursing practice by way of application to case study questions throughout the text. Learning outcomes and examples are mapped to the relevant Nursing and Midwifery Board of Australia (NMBA) Registered Nurse Standards for Practice and Patient Safety Competency Framework document.
