They wanted a mid-engine vehicle capable of exceeding 200 ... Many of the original diagrams and engineering papers of the 1960s are available today in book form, and make for fascinating reading.

This practical book is tailored for engineers working in the industry, and condenses more than a decade's worth of application experience on furnaces. The various topics discussed include conveyor furnaces, belt furnaces, solar cells, brazing furnaces, thick film furnaces, and furnace air flow and reflow. There are chapters on the influence of belt furnace and firing on silicon solar cells, thin film CIGS solar cells, dye-sensitized solar cells, crystalline solar cells, and lithium ion batteries, as well as how the processes affect the efficiency of each. The authors also address the influence of belt furnace on various processes such as metallization, engine valve heat treatment, brazing, post mold curing, and glass-to-metal sealing. The last few chapters also address Direct Bond Copper (DBC) technologies, and the effect of profile and atmosphere on the reflow process.

Vols. for 1970-71 includes manufacturers catalogs.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Never Far Away is a short story and resource for the parent who has a child that doesn't like to separate from them when time for school or work. It has illustrative pictures and content for the parent and child to interact before they go about their day.
