Contract killer Gideon becomes the hunted in this "high-octane"* thriller from New York Times bestselling author Eric Jerome Dickey. A heated encounter in a London hotel room leaves international hit man Gideon waking up to a world where no one can be trusted. Because this time, someone's taken out a hit on him—and finding out who did it has him rethinking a dangerous past. Is it the man he left alive in Tampa, the cold beauty who taught him how to kill, the scorned woman he still desires, or an unknown enemy? One thing is for sure, Gideon will need his friends—and his enemies—to get out of this game alive.

"I bet you didn't know that I have the coolest mommy!" In the eyes of children, it doesn't matter how sick we may feel or what we may be going through, to them, mommies are the coolest, strongest, most awesome people they know, seemingly like superheroes! The Coolest Mommy is a book for every mommy going through breast cancer that may not feel the prettiest or even her strongest, but just remember in their eyes, you are absolutely the coolest!

What is the New World Order? Proponents say that it's an anticipated new era of global cooperation between diverse nations and cultures aimed at ushering in a utopia providing all the earth's citizens with everything they need. Detractors claim it's the systematic take-over by secret societies, quasi-government entities and corporations who are covertly organizing a global socialist all-powerful government which aims to regulate every aspect of citizens lives, rendering them a perpetual working-class while the elite leadership lives in luxury. Conspiracy theory expert Mark Dice looks at the evidence, claims, and conspiracy theories as he takes you down the rabbit hole to The New World Order. TOPICS: - Calls for a New World Order by Politicians and Businessmen. - World Governed by the Elite Through Occult Secret

Have you ever wondered what it would be like to travel amongst a group of friends that seemed real only by imagination? Savannah has traveled once before through her beloved pink dollhouse into a world beyond her dreams. As the young ballerina now yearns to tryout for the upcoming Nutcracker ballet, she has trouble finding her confidence to do just that. Join her on another magical adventure through that very dollhouse as she finds new, unexpected friends, and more beautiful surprises along the way.

These are questions we all ask ourselves, but it's hard to get past conjecture or gut feeling to find any definitive answers. Now, in this ground-breaking book, David Hamilton looks at hard scientific evidence to bring us closer to understanding the balance between the forces of destiny and the power of free will. Exploring new, cutting-edge scientific research into the nature of time, and drawing on fields such as quantum physics, epigenetics, solar cycles and even reports of near-death experiences, David explores how, rather than being a question of one versus the other, destiny and free will can in fact work simultaneously in his fascinating new theory, 'The Tree of Probable Life'. He shows how, ultimately, we create many of the conditions of our own lives and offers some powerful, practical principles that can bring amazing results.
