Though sexuality is an important subject matter that should be taught in homes and in the church, it has been neglected and treated as inconsequential. Young and old alike look at sex as a taboo. The church and the home should be the most appropriate forums where sexuality could be openly discussed, but to the contrary, the message we have received from the church and the home is that sex is unholy and shouldn't be discussed. These key institutions have little or nothing to discuss about sex. This is especially tragic because the believers who have faith in God, who created sex and established its proper parameters, should be able to speak more intelligibly and confidently about sex than anyone else. Yet the community of believers is silent in the public forum in matters relating to sexuality whether because of embarrassment, confusion, timidity or a sense that the subject of sex is either too personal or not sufficiently "spiritual" for church to address publicly. Mr. Ng'ang'a has addressed this subject openly and with ardent scriptural instruction. Understanding Human Sexuality is helpful to married couples and curious young people who have many questions about sex. It is also an instruction manual for parents in guiding their curious children on the subject.

"Windows Server 2012 Hyper-V Cookbook" is a practical cookbook packed with recipes showing and explaining all the features and components of Hyper-V. You'll learn from best practices, tips and tricks and examples of how to automate daily and common tasks. If you are an administrator who wants to master Microsoft Server Virtualization with Windows Server 2012 Hyper-V, then this book is for you. You should be comfortable with virtualization concepts and practices, and knowledge of previous versions of Windows Server would be an advantage.

Gavin Morris was born in New Zealand and spent most of his life at sea. He traveled around the world as a lot of his time were spent on ships sailing the South Pacific Islands and Australia. He served on all kinds of ships and yachts, spent some time ashore, and went back to sea again to become an officer and a captain. His adventures include surviving the biggest storm ever in the South Pacific and sailing on his own sixty-two-foot yacht called Waitane. When the shipping company he worked for closed down, he, along with his American wife, moved to San Diego. They still live there along with two pug dogs, and he still does occasional yacht charters around San Diego harbour.

Prayer for your pastor can change your church, your pastor, and you! Church members need care, counsel, wisdom, and direction. And people outside the church need the gospel. These demands create unique pressures for every pastor. A pastor who says yes to all of the ministry needs often says no to a spouse and kids. When pastors have a personal crisis, many pastors may feel alone and have few people to turn to for true support. How can you support your pastor? 31 Days of Prayer for Your Pastor provides: Inspirational devotions designed around Spirit-empowered discipleship outcomes. True stories from pastors and key research findings to help you understand pastor challenges and opportunities. A powerful, Scripture-based prayer strategy for both you and your pastor to better love the Lord, live God's Word, love people, and live God's mission. Scriptures, prayers, and promises to declare over yourself first and then for your pastor. A practical resource for pastor appreciation and a tool for launching a Pastor Prayer Team in your church. God has chosen your pastor for a purpose. Support your spiritual leader through prayer, and see the benefit in your own life.

The COPD chart presents a detailed overview of the symptoms and causes of Chronic Obstructive Pulmonary Disorder (COPD). Sections help explain the two related respiratory diseases that constitute COPD - emphysema and chronic bronchitis. Heavy gauge 3ml lamination with sealed edges and two metal eyelets for hanging makes chart highly durable. Write-on/wipe-off with dry erase marker (not included).

The plants used by Edgar Cayce in his over 9,000 physical readings have been extracted for the first time into one collection, patiently recorded from thousands of pages of transcripts. Illustrated with color photographs, these first 32 plants in Volume One will introduce many of his simple formulas and remedies for home health care, in easy to read language. The history of botanical pharmacology is briefly traced, placing the Cayce model within the
