Converting to the modern BC/AD dating system, the first Olympiad began in the summer of 776 BC and lasted until the summer of 772 BC, when the second Olympiad would begin with the commencement of the next games. The Unlikeliest Olympian By: Stephen Porpora In 1982, six-year-old Devon Porpora suffered a severe, life threatening seizure. His future was bleak. Because no one knew if the initial seizure was injury-induced, he needed to be on heavy doses of long- term and debilitating neurological drugs. His parents were told that Devon would need to re-learn everything in a special school and that he might never have a normal life. But Devon ' s remarkable mom, Judi, refused to accept that dark diagnosis for her son. She saw a sliver of hope and made it her mission to focus her life around healing his injured brain. Together, his parents worked with Devon to keep him learning and in his normal elementary school. In addition to classwork, in eighth grade Devon joined an obscure little crew club. His dad worked diligently for two years to transform it into a vibrant varsity rowing team. Devon became an accomplished student and athlete. In his senior year of high school he was admitted to Yale University and also qualified for the 1994 Olympic Festival rowing team. This is Devon ' s unlikely story as told by his father.

inspiration for the PBS documentary “ The Boys of ‘ 36’ . ” For readers of Unbroken, out of the depths of the Depression comes an irresistible story about beating the odds and finding hope in the most desperate of times—the improbable, intimate account of how nine working-class boys from the American West showed the world at the 1936 Olympics in Berlin what true grit really meant. It was an unlikely quest from the start. With a team composed of the sons of loggers, shipyard workers, and farmers, the University of Washington ’ s eight-oar crew team was never expected to defeat the elite teams of the East Coast and Great Britain, yet they did, going on to shock the world by defeating the German team rowing for Adolf Hitler. The emotional heart of the tale lies with Joe Rantz, a teenager without family or prospects, who rows not only to regain his shattered self-regard but also to find a real place for himself in the world. Drawing on the boys ’ own journals and vivid memories of a once-in-a-lifetime shared dream, Brown has created an unforgettable portrait of an era, a celebration of a remarkable achievement, and a chronicle of one extraordinary young man ’ s personal quest.

The Olympic swimmer reveals the wild and challenging journey that took place between two gold medals: “ Inspiring, humorous, and often profound. ” —People Magazine Anthony Ervin is an Olympic swimmer who won the gold at nineteen—and that may be one of the least interesting things about him. An athlete of Jewish and African-American descent who is also a practicing Buddhist, he auctioned off the medal he won in Sydney to help raise funds for victims of the 2004 tsunami. He had grown up battling Tourette ’ s syndrome, and later struggled with suicidal depression, drinking and drugs, and a period of homelessness. This blend of memoir and biography, written by Ervin in collaboration with trainer Constantine Markides, is part spiritual quest, part self-destructive bender involving Zen temples, fast motorcycles, tattoo parlors, and rock 'n' roll bands—revealing the journey that preceded his remarkable 2016 Olympic comeback as the oldest individual gold medal winner in swimming. Winner of the 2018 Buck Dawson Author Award presented by the International Swimming Hall of Fame “ Gripping...Readers will understand the psyche and life of elite athletes as never before. ” —Library Journal “ A celebrated Olympian recounts how he rose to the top of his sport, crashed, and found redemption...The author never flinches at revealing his less-than-perfect past, and the humility he demonstrates at coming to terms with his own egotism and personal shortcomings makes the book frequently compelling. A provocative and refreshingly honest redemption memoir. ” —Kirkus Reviews

The New York Times bestselling inspirational story of impoverished children who transformed themselves into world-class swimmers. In 1937, a schoolteacher on the island of Maui challenged a group of poverty-stricken sugar plantation kids to swim upstream against the current of their circumstance. The goal? To become Olympians. They faced seemingly insurmountable obstacles. The children were Japanese-American and were malnourished and barefoot. They had no pool; they trained in the filthy irrigation ditches that snaked down from the mountains into the sugarcane fields. Their future was in those same fields, working alongside their parents in virtual slavery, known not by their names but by numbered tags that hung around their necks. Their teacher, Soichi Sakamoto, was an ordinary man whose swimming ability didn't extend much beyond treading water. In spite of everything, including the virulent anti-Japanese sentiment of the late 1930s, in their first year the children outraced Olympic athletes twice their size; in their second year, they were national and international champs, shattering American and world records and making headlines from L.A. to Nazi Germany. In their third year, they'd be declared the greatest swimmers in the world. But they'd also face their greatest obstacle: the dawning of a world war and the cancellation of the Games. Still, on the battlefield, they'd become the 20th century's most celebrated heroes, and in 1948, they'd have one last chance for Olympic glory. They were the Three-Year Swim Club. This is their story. *Includes Reading Group Guide*
