The acclaimed National Book Award finalist— “ one of the United States ' finest writers, ” according to Joshua Ferris, “ full of wit, humanity, and fearless curiosity ” —now gives us a novel that will join the short list of classics about children caught up in the Holocaust. Aron, the narrator, is an engaging if peculiar and unhappy young boy whose family is driven by the German onslaught from the Polish countryside into Warsaw and slowly battered by deprivation, disease, and persecution. He and a handful of boys and girls risk their lives by scuttling around the ghetto to smuggle and trade contraband through the quarantine walls in hopes of keeping their fathers, mothers, brothers, and sisters alive, hunted all the while by blackmailers and by Jewish, Polish, and German police, not to mention the Gestapo. When his family is finally stripped away from him, Aron is rescued by Janusz Korczak, a doctor renowned throughout prewar Europe as an advocate of children 's rights who, once the Nazis swept in, was put in charge of the Warsaw orphanage. Treblinka awaits them all, but

does Aron manage to escape—as his mentor suspected he could—to spread word about the atrocities? Jim Shepard has masterfully made this child's-eye view of the darkest history mesmerizing, sometimes comic despite all odds, truly heartbreaking, and even inspiring. Anyone who hears Aron's voice will remember it forever.

Nothing -- not even the chance to survive -- makes Dr. Korczak abandon the children of the Warsaw Ghetto.

In the years between WWI and WWII, young Henryk Goldszmidt dreamed of creating a better world for children. As an adult, using the pen name Janusz Korczak, he became a writer, doctor, and an enlightened leader in the field of education, unaware to what use his skills were destined to be put. Dr. Korczak established a Jewish orphanage in Warsaw where he introduced the world to his progressive ideas in child development and children's rights. When the Nazis occupy Warsaw, the orphanage is moved to the ghetto, and when the 200 children in his care are deported, Dr. Korczak famously refuses to be saved, marching with his charges to the train that will take them to their deaths. This biography of Janusz Korczak is a chapter book for elementary school readers and has full color illustrations

From National Book Award Finalist Albert Marrin comes the moving story of Janusz Korczak, the heroic Polish Jewish doctor who devoted his life to children, perishing with them in the Holocaust. Janusz Korczak was more than a good doctor. He was a hero. The Dr. Spock of his day, he established orphanages run on his principle of honoring children and shared his ideas with the public in books and on the radio. He famously said that children are not the people of tomorrow, but people today. Korczak was a man ahead of his time, whose work ultimately became the basis for the U.N. Declaration of the Rights of the Child. Korczak was also a Polish Jew on the eve of World War II. He turned down multiple opportunities for escape, standing by the children in his orphanage as they became confined to the Warsaw Ghetto. Dressing them in their Sabbath finest, he led their march to the trains and ultimately perished with his children in Treblinka. But this book is much more than a biography. In it, renowned nonfiction master Albert Marrin examines not just Janusz Korczak's life but his ideology of children: that children are valuable in and of themselves, as individuals. He contrasts this with Adolf Hitler's life and his ideology of children: that children are nothing more than tools of the state. And throughout, Marrin draws readers into the Warsaw Ghetto. What it was like. How it was run. How Jews within and Poles without responded. Who worked to save lives and who tried to enrich themselves on other people's suffering. And how one man came to represent the conscience and the soul of humanity. Filled with black-and-white photographs, this is an unforgettable portrait of a man whose compassion in even the darkest hours reminds us what is possible.
