This invaluable book furnishes exhaustive, single coverage of more than 3900 multiple choice questions with answer on Food Process Technology, Food Engineering, Food Chemistry and Nutrition, Food Microbiology and safety, Food Business Management and Overall Food Technology and much more. Written by experts related resource person, the MCQ in Food Technology is an indispensable resource for agricultural, food scientists and technologists, post harvest technologists, and upper level undergraduate and graduate students in these disciplines.

- Strictly as per the new term wise syllabus for Board Examinations to be held in the academic session 2021-22 for classes 11 & 12
- Multiple Choice Questions based on new typologies introduced by the board- I. Stand- Alone MCQs, II. MCQs based on Assertion-Reason III. Case-based MCQs.
- Revision Notes for in-depth study
- Mind Maps & Mnemonics for quick learning
- Include Questions from CBSE official Question Bank released in April 2021
- Answer key with Explanations
- Concept videos for blended learning (science & maths only)

This book completely covers a one-semester course on potable water supply systems in a single, compact volume for undergraduate students. It covers all the three main topics—sources of water supply, water treatment and water distribution. Using the latest tools and methods, it conceptualizes and formulates the resource allocation problems, and deals appropriately with the complexity of constraints in the demand and available supplies of water. The book integrates the concepts of chemistry, biology and hydraulics as applicable to water supply engineering. It presents the basic and applied principles and most recent practices and technologies. Apart from the students of water supply engineering, practising engineers, professionals and researchers will benefit from the book. **IMPORTANT FEATURES**

- Exhaustive coverage of three main topics, viz., sources of water supply, water treatment, and water distribution
- Concepts and design practices illustrated with
